

**REPORT
OF THE
DIRECTOR
OF
INDUSTRIAL TRAINING
AND CERTIFICATION**

January 1, 1987 - March 31, 1987

DIRECTOR'S REPORT

The apprenticeship study referred to in previous reports has started. The target date for completion is the end of June. The training agreement was signed on February 24, 1987.

The form and nature of support that will be provided by the Federal Government for apprenticeship training is still unknown. It is expected that final reports of studies will be melded into a document that will attempt to reflect a national picture. Following that exercise it should be known what will happen in this regard.

Passage of the changes to the Training and Certification Act is expected during the current sitting of the Legislature. Steps will then be taken to recruit members for an expanded Board. A great deal of work will have to be done on regulations as well.

	Jan. - March 86	April - June 86	July - Sept. 86	Oct. - Dec. 86	Jan. - March 87	Total 12 Months
